REF: Docket #2009-489-E

I am voicing my opposition for the pending rate increase for SCE&G. During these economic times, where people are watching their savings being depleted to make ends meet, retirement funds have disappeared, and home values are 2/3 of what they were a year ago, I think it's almost criminal to allow this rate increase to pass.

I am a widow, working 50 to 55 hours a week to make ends meet. After my mortgage payment, my utility bill is my highest expense. To think it might be raised almost 10% is unimaginable. SCE&G already has one of the highest rates in South Carolina, and the commission needs to think long and hard before giving any increase at this time.

Yours truly,

Rose M. Baker
